

Cetnarski and Cyber Nation Central® to Co-Host International Cybersecurity Innovation Summit and Dignitary Speakers

New York, NY, April 8, 2021 – Cyber defense ecosystem for private and government sector leadership – Cyber Nation Central® – is proud to announce its partnership with America’s Future Series (AFS) to co-host the 2021 International Cybersecurity Innovation Summit on April 13th, 2021, as part of the Cyber, Land, Air, Sea, and Space Symposium 2021.

The event features 115 international thought leaders speaking from across 4 continents, including 23 Flag and General Military Officers participating with a total of 53 Stars. It has already attracted an international audience of nearly 1,000 private, government, and non-government sector leaders as it sets to address nation-state cyber threats against the institutions and citizens of the United States and allies around the world. Executive leaders from across private and public sectors will be giving their thoughts in keynote addresses as well as interactive fireside chats and roundtables, covering cybersecurity topics ranging from international and national policy, ecosystemic building, to strategy and technology innovation.

Andrzej Cetnarski – Cyber Nation Central®’s founder and CEO, former UBS tech and defense investment banker, US Congressional Staffer, veteran tech and cybersecurity entrepreneur, and VIP Cybersecurity Blueprint™ trainer to corporate and government corner offices globally – will open the content portion of the Summit. Starting with an overview of main topics private and government sector leaders should pay increasing attention to, he will then introduce fellow Harvard Kennedy School alumnus and Singapore’s Commissioner for Cybersecurity and the CEO of the Cyber Security Agency of Singapore, Mr. David Koh, to deliver the Opening Keynote. Mr. Cetnarski will further lead an afternoon roundtable discussion on “Building Successful National Ecosystems of Cybersecurity Innovation and Private-Government Partnership.” Fellow Panelists will include international dignitaries and corporate executives David Shores, Strategy and International Policy Lead, Israel National Cyber Directorate, Office of Israeli Prime Minister; Apoorv Saxena, Global Head of AI and Managing Director, JPMorgan Chase; and Nand Mulchandani, CTO, US Department of Defense Joint Artificial Intelligence Center (DOD JAIC).

Other visionaries speaking at the Summit will include Admiral Bobby Inman, Retired US Navy Admiral and Director of NSA and CIA; Lt. Gen. Stephen Whiting, commander of the US Space Command; and Lauren Knausenberger, Chief Information Officer for the US Air Force.

"AFS is incredibly honored to partner with Cyber Nation Central®. Our collaboration on the Summit has brought together some of the world's foremost thought leaders, technologists and business leaders committed to improving the protection of our most critical infrastructure and IP. The lineup is amazing," said David Hamilton, Founder & Chairman of AFS. Mr. Cetnarski said: "This Summit brings America and its allies one step closer towards protecting our individual and collective national security interests at home and abroad. I am incredibly grateful for the fruits our partnership is already bearing and for all our speakers for sharing their brilliance."

ABOUT CYBER NATION CENTRAL®

Founded in 2016 out of New York City after its Founder's previous venture in Asia was dismantled by a cyber-attack, cyber-defense ecosystem Cyber Nation Central® rose like a phoenix of cyber threat prevention and incident response empowering industry and government executive leaders with strategic and tactical cyber threat counter measures. Charged by its Founder with a mission of helping drive the creation of cybersecure renditions of the United States and its global partners, Cyber Nation Central® was founded on the principle that this mission requires not just technology innovation but a partnership between private sector innovation and government regulatory policy innovation, as well as future-forward exponential and sustainable strategic thinking and execution. Therefore, the ecosystem includes Cyber Frontiers™ (digital think tank providing executives with training on VIP cybersecurity and countering disinformation campaigns), Cyber Nation Advisory (providing organizations with 24/7 SOC incident response, consulting and advisory), Cyber Nation Ventures (providing investment opportunities into cybersecurity tech ventures), and Cyber Nation Distribution (applying top technologies to most-pressing critical infrastructure problems). The ecosystem's target: annihilation of cybercrime: the #1 crime in the world and the third largest economy after US and China. For further information on Cyber Nation Central®, visit www.CyberNationCentral.com.

ABOUT ANDRZEJ CETNARSKI:

Named *CEO of the Year 2020* by CEO Monthly Magazine, Mr. Cetnarski is a national and cyber security strategist, Founder and CEO of global cyber-defense ecosystem [Cyber Nation Central®](http://www.CyberNationCentral.com) and Executive Producer of private and government sector executive training series - [VIP Cybersecurity Blueprint™](#). Formerly an investment banker with UBS technology/defense and real estate groups, HSBC and Mitsubishi UFJ Morgan Stanley Securities across US and Asia, and Chairman/CEO of a global tech and hospitality venture as well as US Congressional staffer, he is a National Security and Cybersecurity MC/MPA alumnus of Harvard's Kennedy School of Government; Finance and Entrepreneurship MBA from The Wharton School; Asian and European Affairs MA and Lauder Fellow from the Lauder Institute at the University of Pennsylvania; and Economics Honors AB of the University of Chicago. Mr. Cetnarski writes on integration of strategy, tech innovation, and policy in the areas of cybersecurity, national security, countering disinformation campaigns, and privacy.

ABOUT AMERICA'S FUTURE SERIES:

America's Future Series ("AFS"), based in Dallas, Texas, is a national speaker's series that has brought together national leaders to collaborate and focus on the critical issues facing America since 2010. It aims to foster civil and creative dialogue around important issues impacting U.S. global competitiveness and is open to participants worldwide via interactive live and virtual events. Over 250 high-level speakers such as Sir Richard Branson, Ross Perot, T. Boone Pickens, Secretary Hondo Geurts, and General Mike Murray have all participated in and spoken at AFS events. AFS also works to raise money and awareness for worthy causes — since 2010, AFS has raised more than \$6 million in donations and event proceeds. For further information on America's Future Series, visit www.AmericasFutureSeries.com.
